

Kansas Association of Sanitarians

State Affiliate of the National Environmental Health Association (NEHA) and the International Association of Food Protection (IAFP)

KANSAS ENVIRONMENTAL HEALTH ASSOCIATION POST CONFERENCE BOARD MEETING SEPTEMBER 25, 2003

Those in attendance were: Angela Kohls- past president, Karen Purvis- president, Mike Kopf- 1st vice president, Tom Morey- 2nd vice president, Ron Tubb- At large Chair, Greg Willis- treasurer, Adam Inman- Food Chair, and Tim Wagner taking minutes for Cyndra Kastens.

The meeting was opened by Karen. Mike is going to go over the evaluations and report at the next meeting. Initially reports were that it was a good facility but the signage was poor. Mike is looking at Rock Springs for the spring conference. Tom Morey wanted an explanation of his duties. Greg is going to work on getting the new name registered.

Greg reported that at this time we took in \$16,000 gross and still need one exhibitors fee. Expenses are unknown at this point, KPHA will bill us for our share.

Appears to be approximately 70 that attended the conference.

Tim will send out thank you to the exhibitors. Look at the next board meeting after bill is received from KPHA. Set tentative date for January 14, 2004, at the KDHE Salina Dist office.

The board needs to get someone to sit on the committee for Marvin Stottlemire, Mike Kopf volunteered.

Need to look at the budget issue and by-laws amendment.

Need survey on web-site regarding need and interest in disaster training.

If there is a need then Mindee Reece has offered to figure out with some money that is available.

Need to check with NEHA what is going on with CEU's and why has KAS not been billed.

Meeting adjourned.
